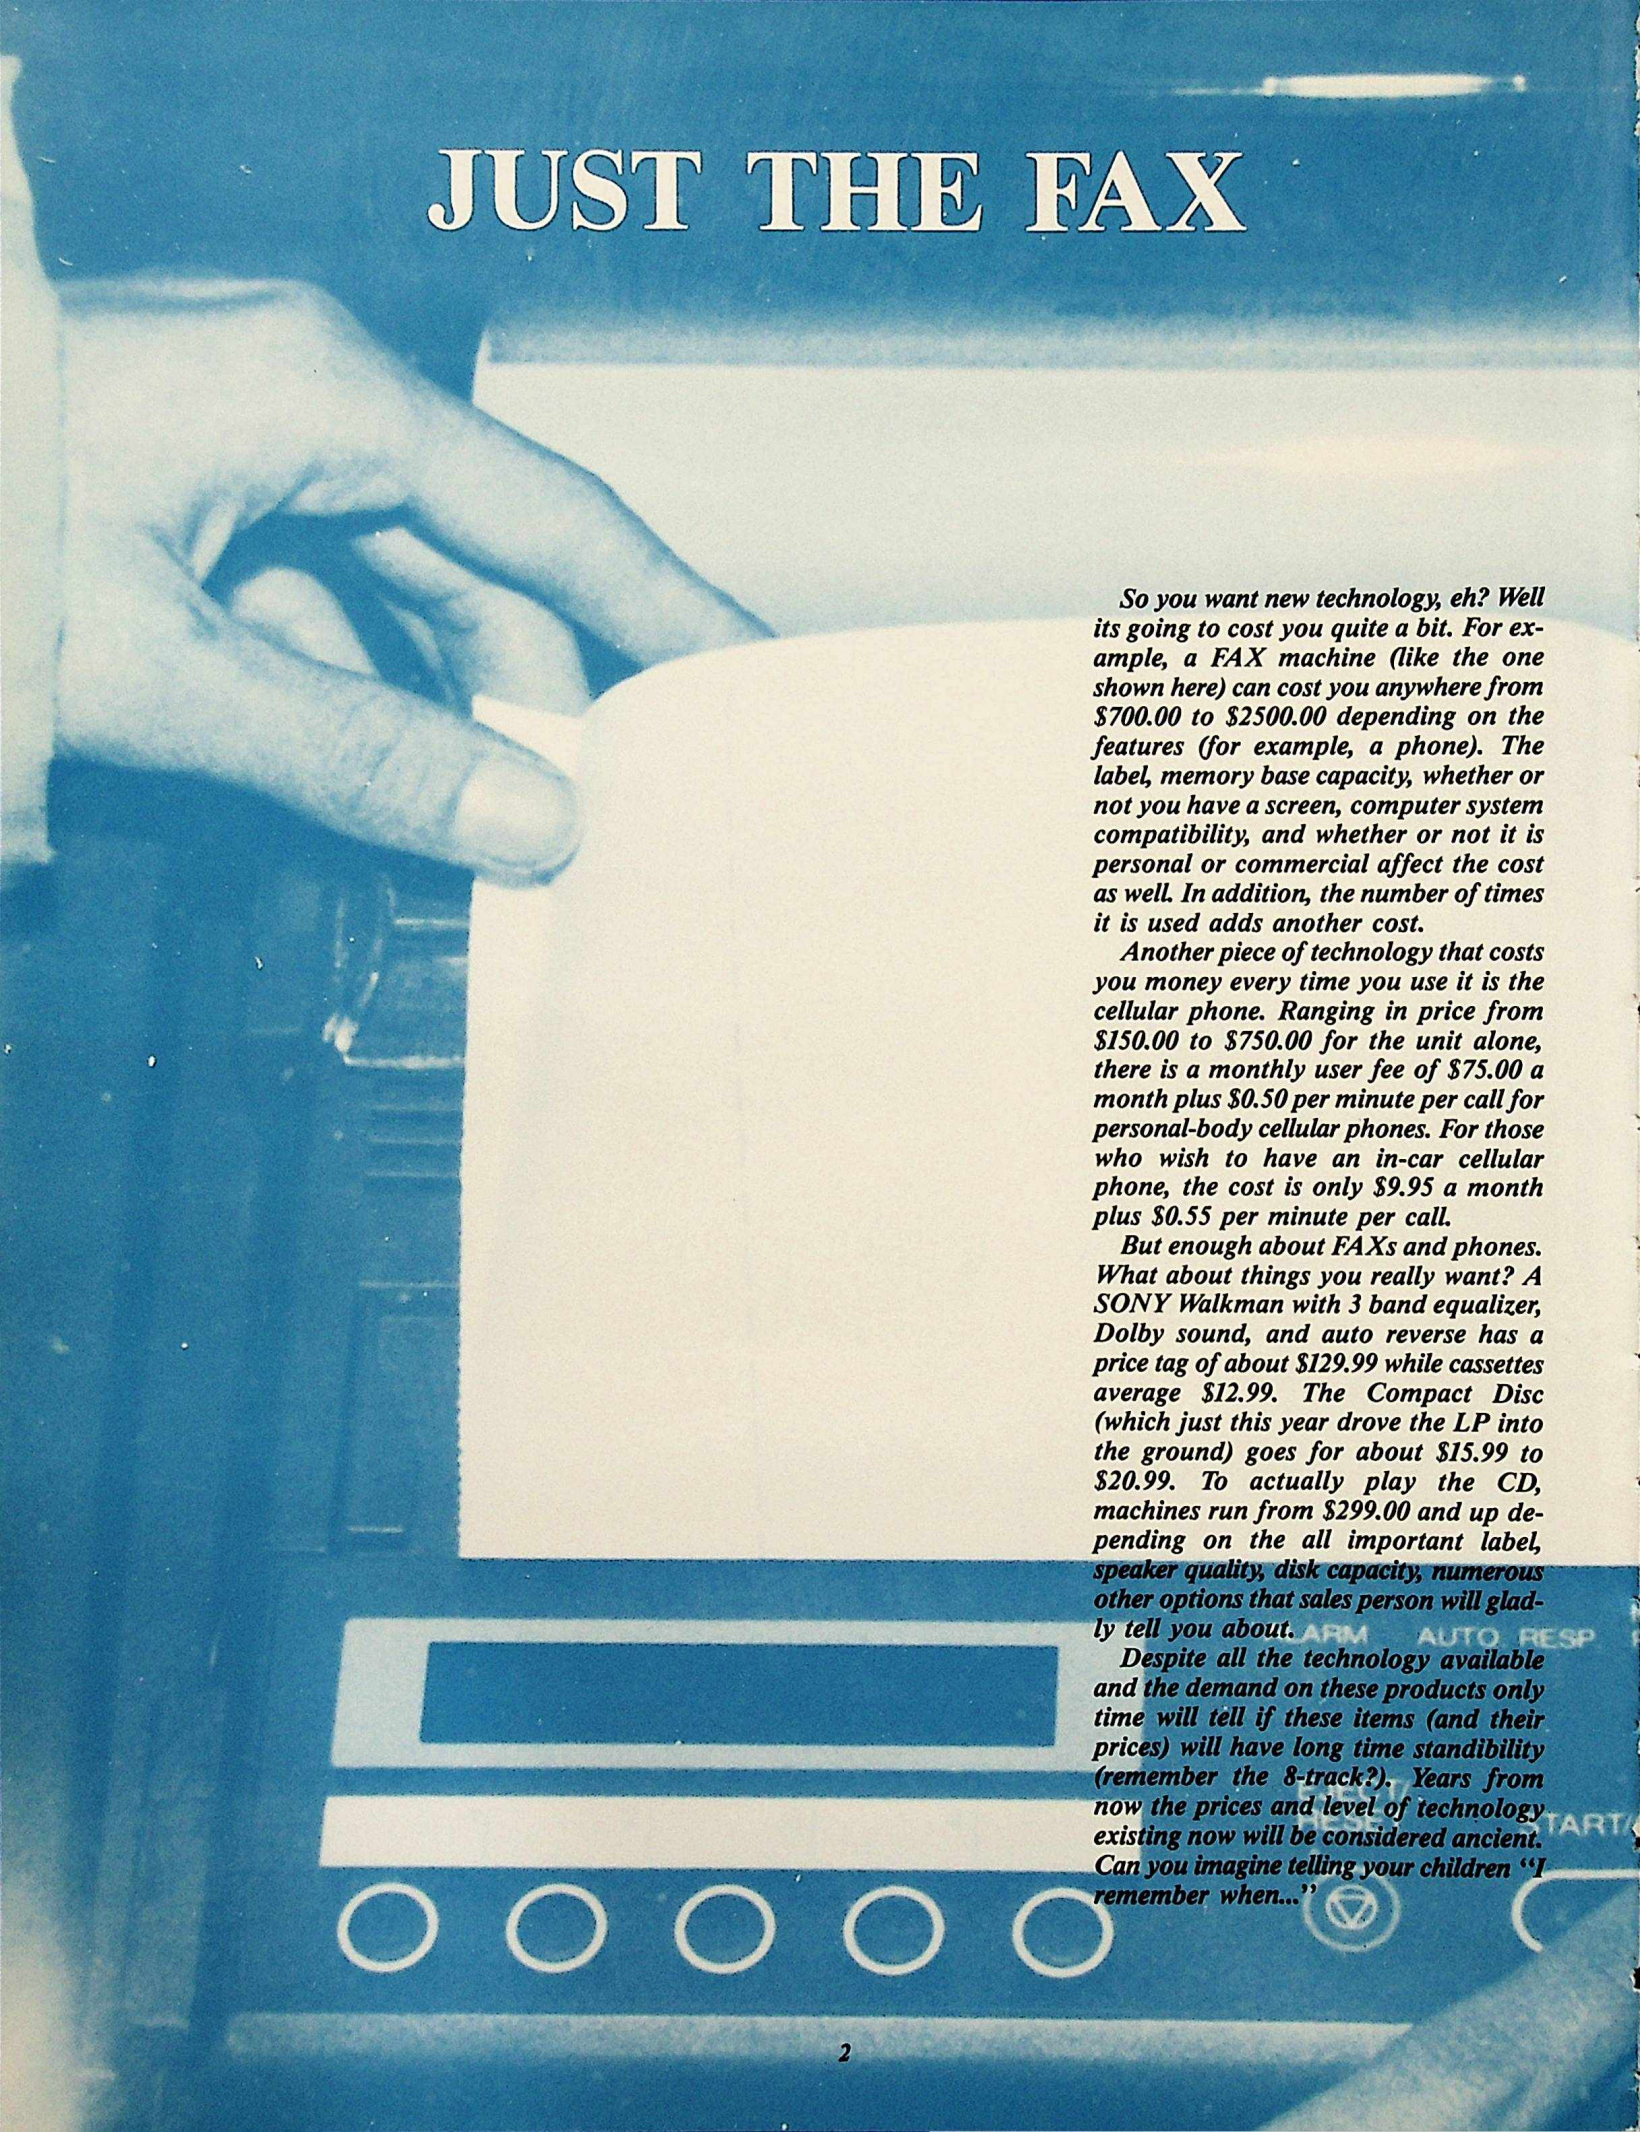
JUST THE FAX



So you want new technology, eh? Well its going to cost you quite a bit. For example, a FAX machine (like the one shown here) can cost you anywhere from $700.00 to $2500.00 depending on the features (for example, a phone). The label, memory base capacity, whether or not you have a screen, computer system compatibility, and whether or not it is personal or commercial affect the cost as well. In addition, the number of times it is used adds another cost.

Another piece of technology that costs you money every time you use it is the cellular phone. Ranging in price from $150.00 to $750.00 for the unit alone, there is a monthly user fee of $75.00 a month plus $0.50 per minute per call for personal-body cellular phones. For those who wish to have an in-car cellular phone, the cost is only $9.95 a month plus $0.55 per minute per call.

But enough about FAXs and phones. What about things you really want? A SONY Walkman with 3 band equalizer, Dolby sound, and auto reverse has a price tag of about $129.99 while cassettes average $12.99. The Compact Disc (which just this year drove the LP into the ground) goes for about $15.99 to $20.99. To actually play the CD, machines run from $299.00 and up depending on the all important label, speaker quality, disk capacity, numerous other options that sales person will gladly tell you about.

Despite all the technology available and the demand on these products only time will tell if these items (and their prices) will have long time standibility (remember the 8-track?). Years from now the prices and level of technology existing now will be considered ancient. Can you imagine telling your children "I remember when..."

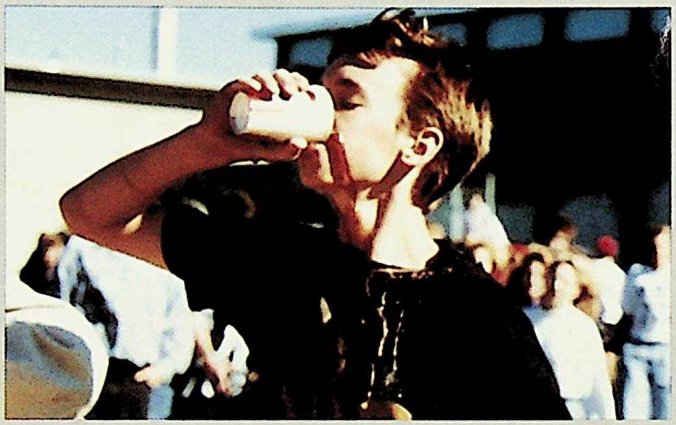
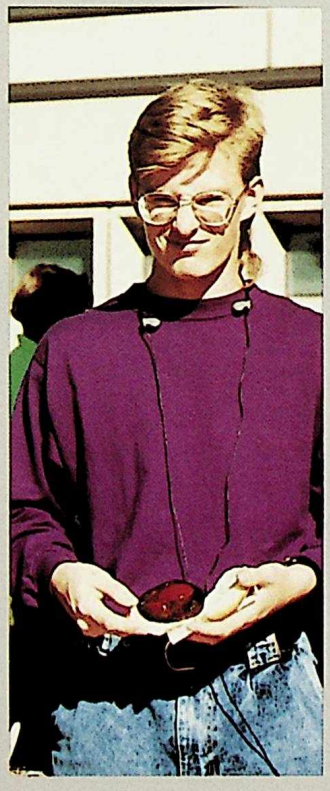
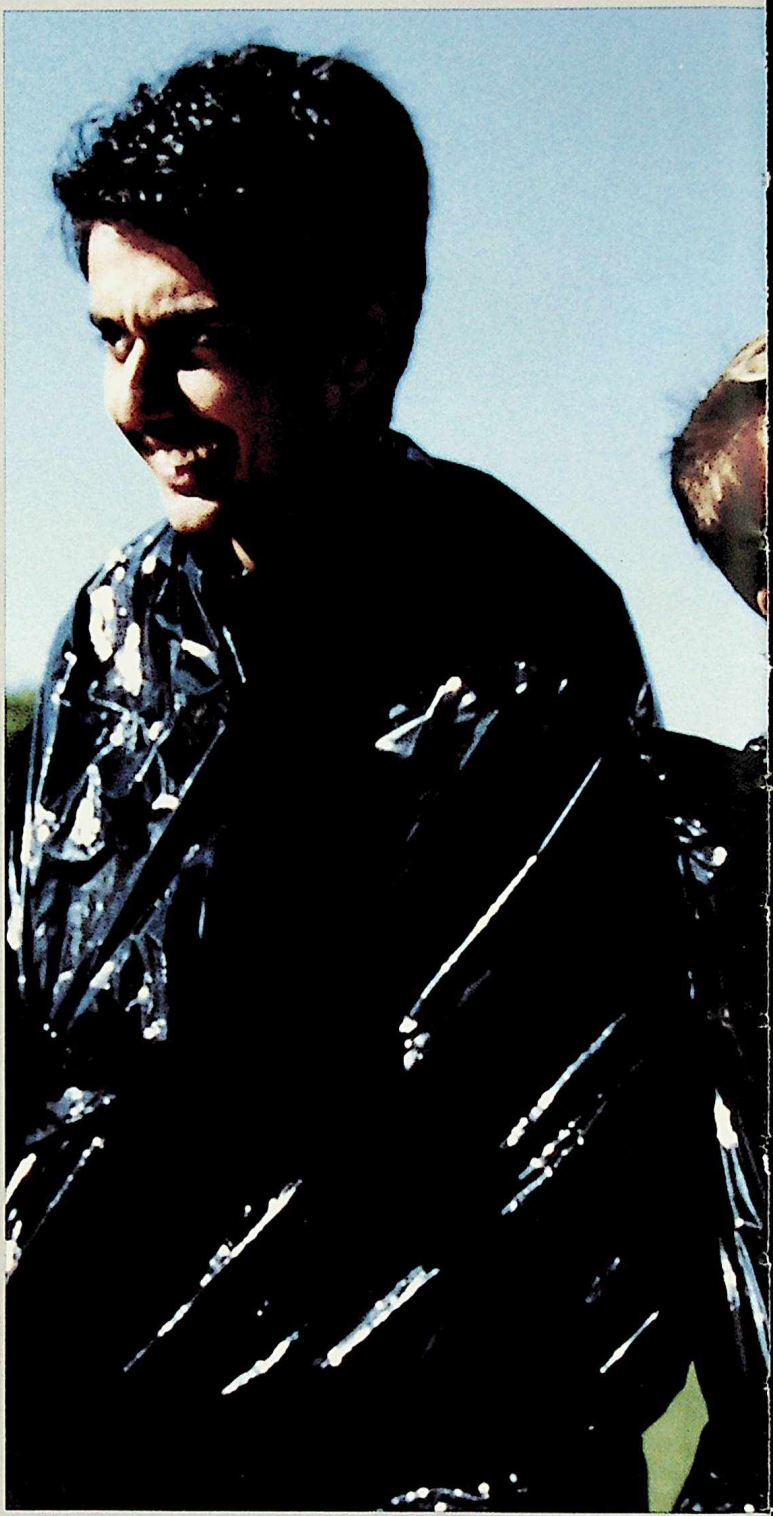
A COKE AND A SMILE. **Sam Brondgeest** had plenty of both at the Welcome Days Berbeque.

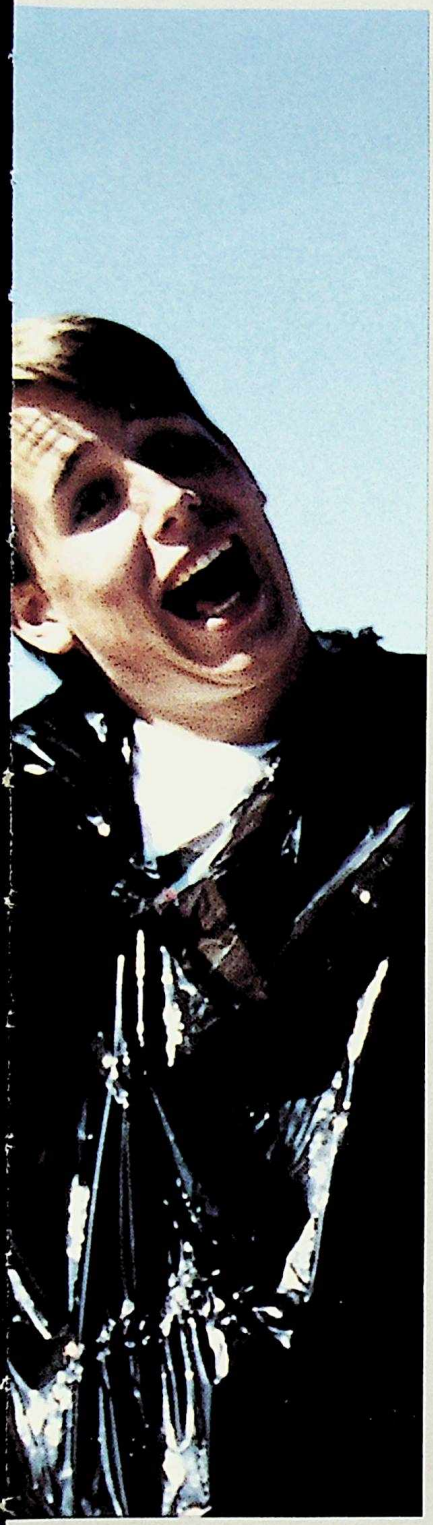


DRINK UP. **Davy Simpson** tilts it back for the cola relay.



WANT SOME? "It's charcoaled" exclaimed a shocked **Darren Anquist** after showing his excitment in receiving his well done hambuger.

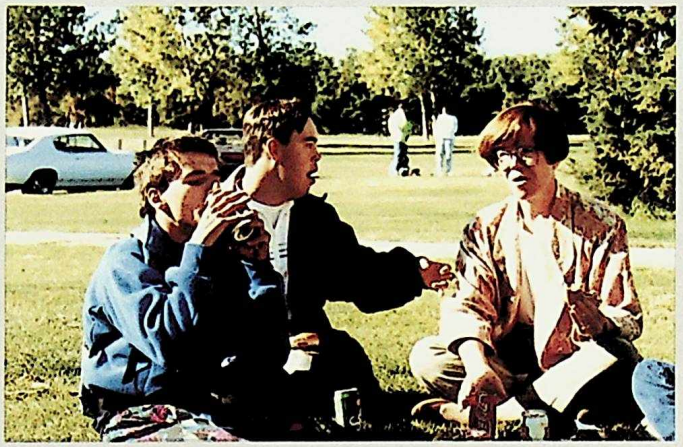




UM...I THINK WE'RE PREPARED. **Paul McKay**(right) and **Shami Sandhu** look ready to find a jelly bean...in a cream pie!

NOTHING LIKE A REFRESHING SWIM! **Gwen Wolodko** looked very calm sitting atop the dunk tank, "It's like a hot tub". She didn't seem to feel the same way after the first ball was thrown, "I'm so scared!".

GRAND CHEF. **Mrs. Heppell** had her hands full making burgers to feed the seemingly endless flow of hungry students.



THE FINER THINGS IN LIFE. **Mrs. Voisey** informs some of her students on fine cusine...hamburgers and pop.

COME ONE, COME ALL

There's Plenty to go Around

McNally had its annual Welcome Days Barbeque on September 19, 1990. It was a resounding success. Students munched on hot dogs and humburgers prepared by the teachers and kept busy the lunch hour with such activities as dunk tanks, cola relays and "find the jelly bean" contests. There was plenty to eat, see, and do. From dunking Miss "aw come on you guys" Middleton in the dunk tank to sticking your face in whipped cream, there was something for everyone.

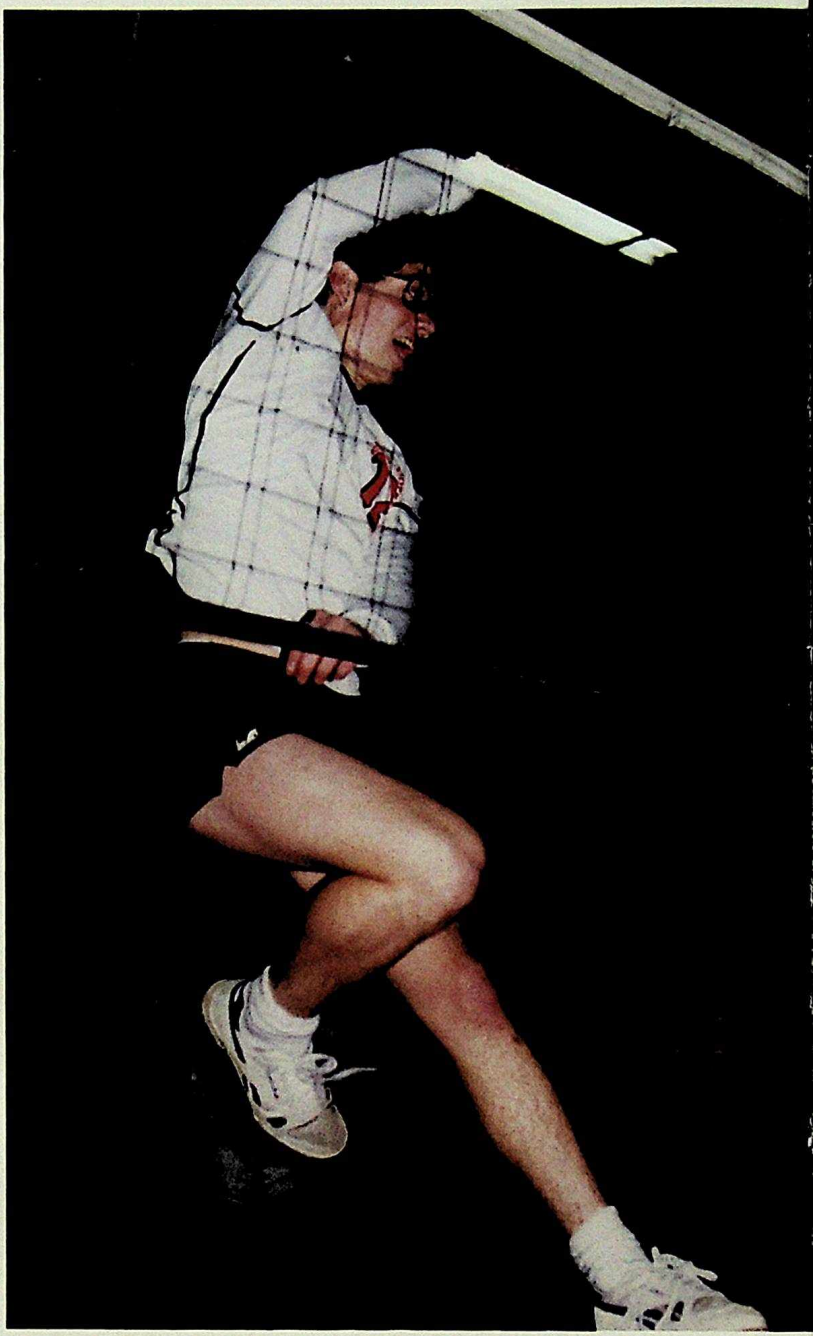
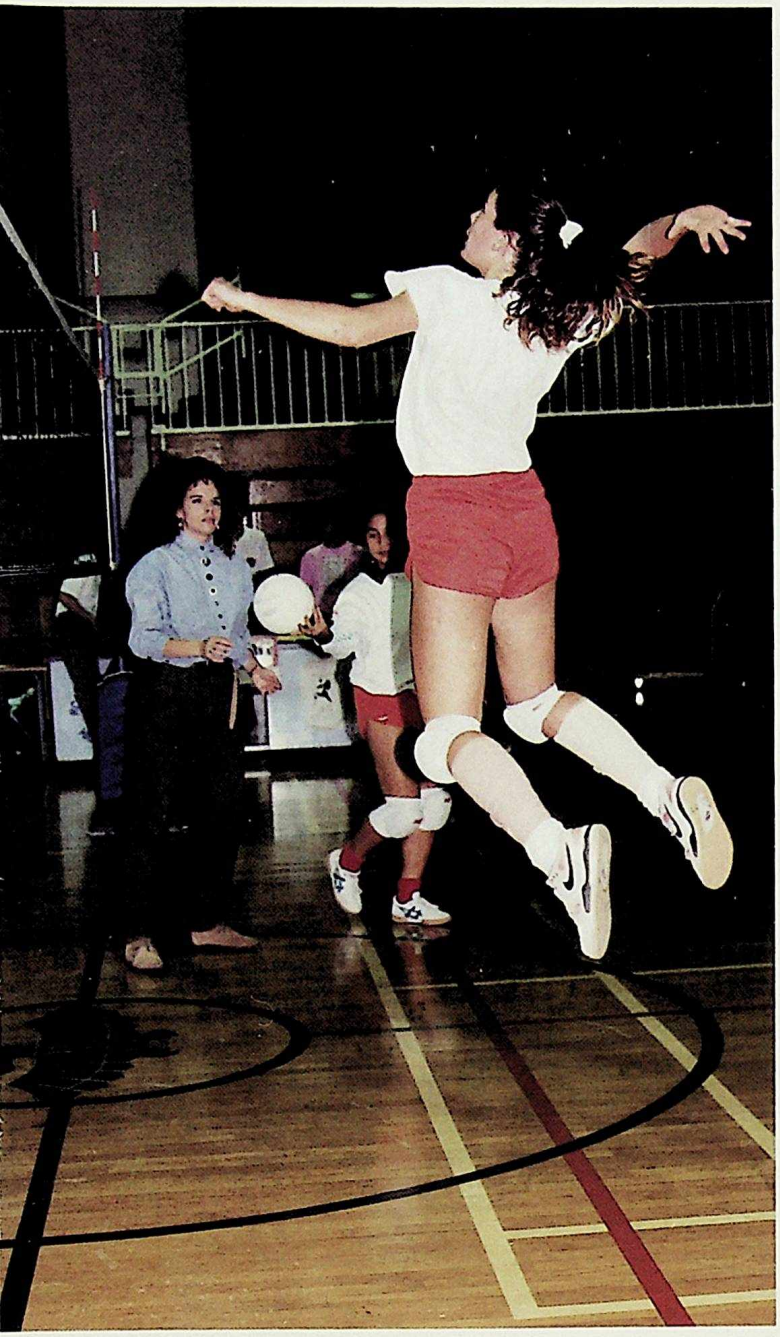
FALL SPORTS

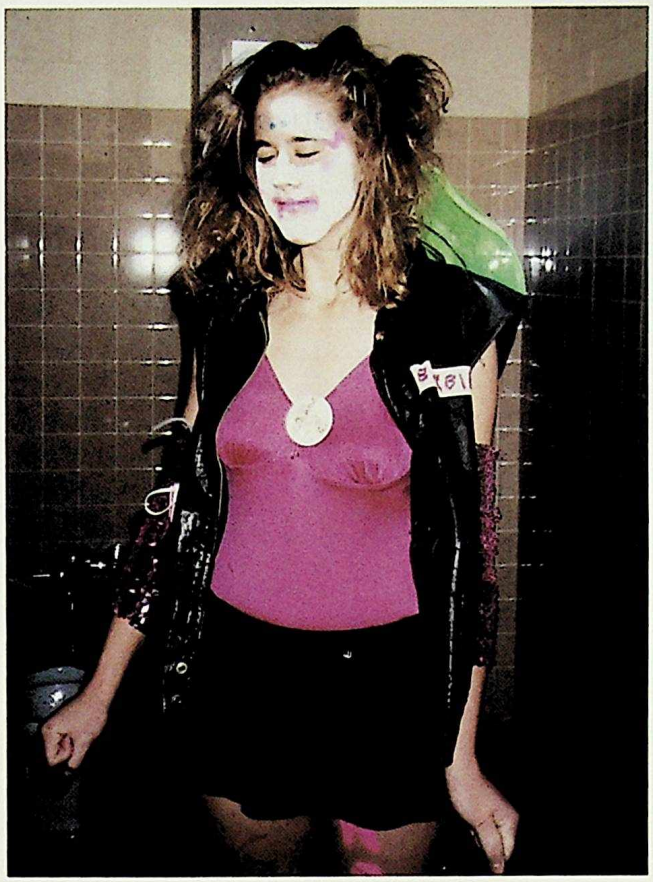
This year's fall sports proved to be an astonishing success! Three banners took up space on the large gym wall, one of which included the senior womens' volleyball team. The ladies managed to take the City Championship and also place third in the Provincial meet in Wetaskiwin. Way to go ladies! Mr. Smith ,and a cast of many, coached the junior football "cubs" to a Premiere Conference victory; severely trouncing the Harry Ainley Titans 34 to 7. The senior football Tigers started out slowly this year due to the large number of new faces seen out on the field. With a great amount of effort the boys put together an astounding team that went on to win the Gilfillan Conference. It's almost certain that the guys will do some serious damage at the Bright Conference next season. The teams that did not receive any banners must not be forgotten because they showed just as much Tiger Pride -if not more -than all the teams participating this season. The cross-country running team sent a competitor to the Provincials, junior womens' volleyball placed second in the city and the guys' volleyball teams showed an impressive season as well. Congradulations to all the teams for showing their Tiger Pride!

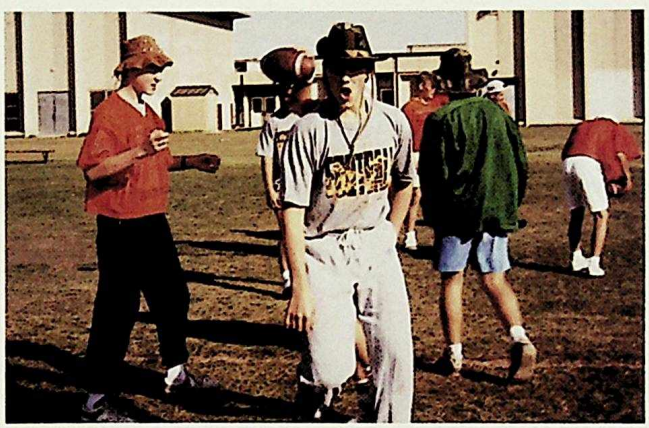
N. Albers

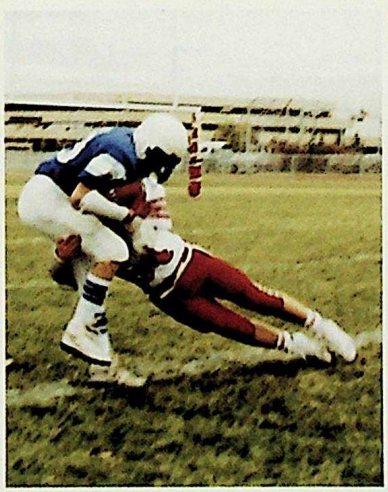


THE BIG PICTURE: **Marcelino Bachmann** and **Shannon Rapaich** go head to head in junior volleyball; wonder who got more air?
Bottom far right: Feelin' sorry for the receiver of **Andrea Lover** spike.
Bottom right: **Rob Jamieson** and **Matt Holzer.** Going to play a little catch before the game, guys?









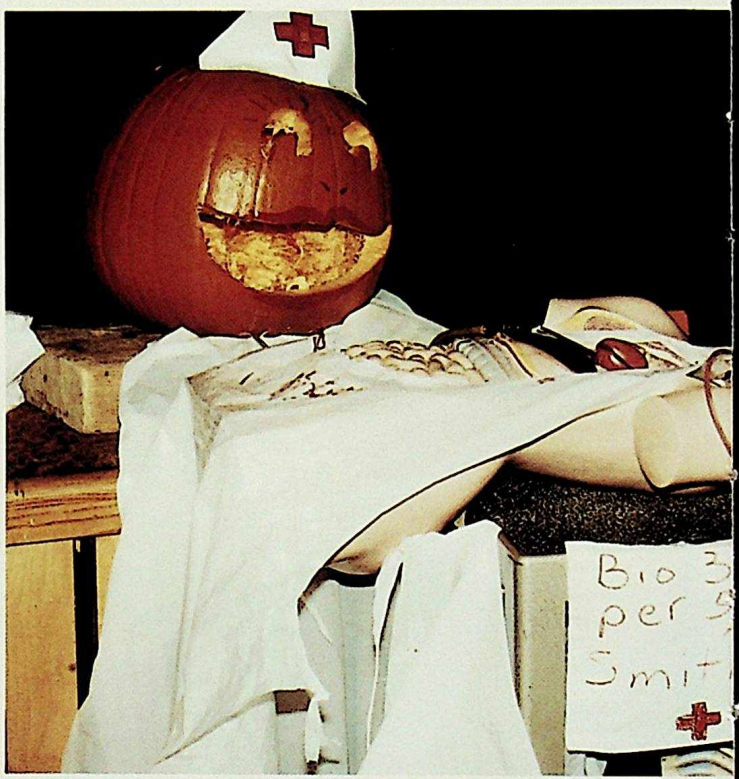
Above top: **Gwen Wolodko** rookied.
Above: **Sam Stetsko** shows us tiger attitude.
Bottom left: A group of seniors marvel at what...
Left: **Chris Gubersky** hammers a Titan.

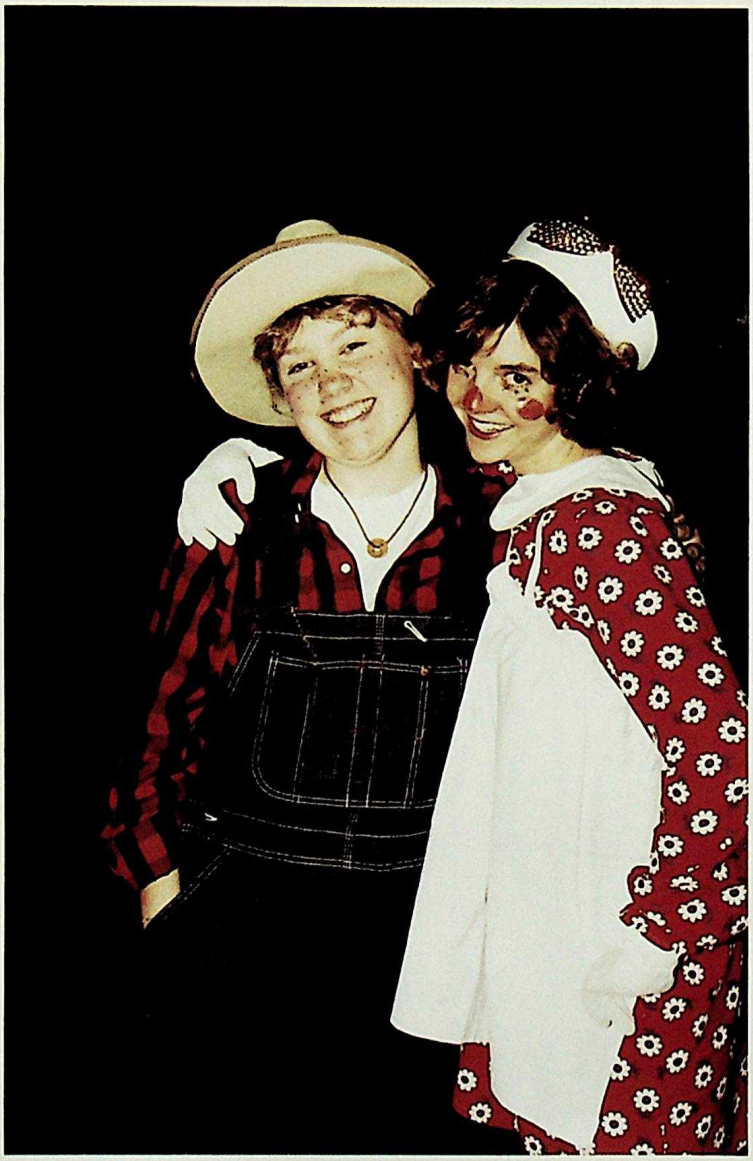
MASSACRE AT MCNALLY HIGH!!! Makes you think twice about donating blood!

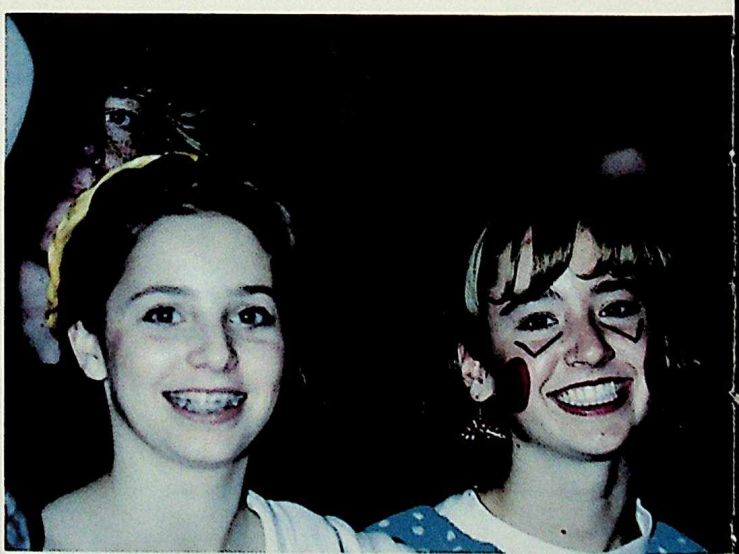
LARRY, CURLY, AND MOE. Three amigos pumpkin heads ready to party.

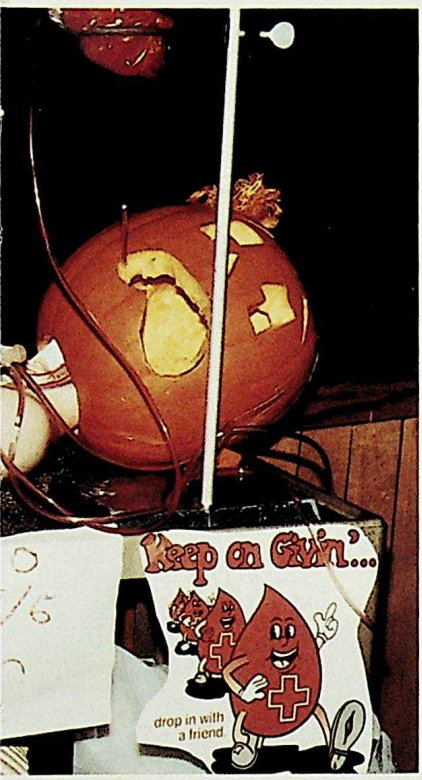
COME AND JOIN US. Student council women get dressed-up too. (From left to right) **Chandra Magill, Jill Bykewich,** and **Alya Akgungor.**

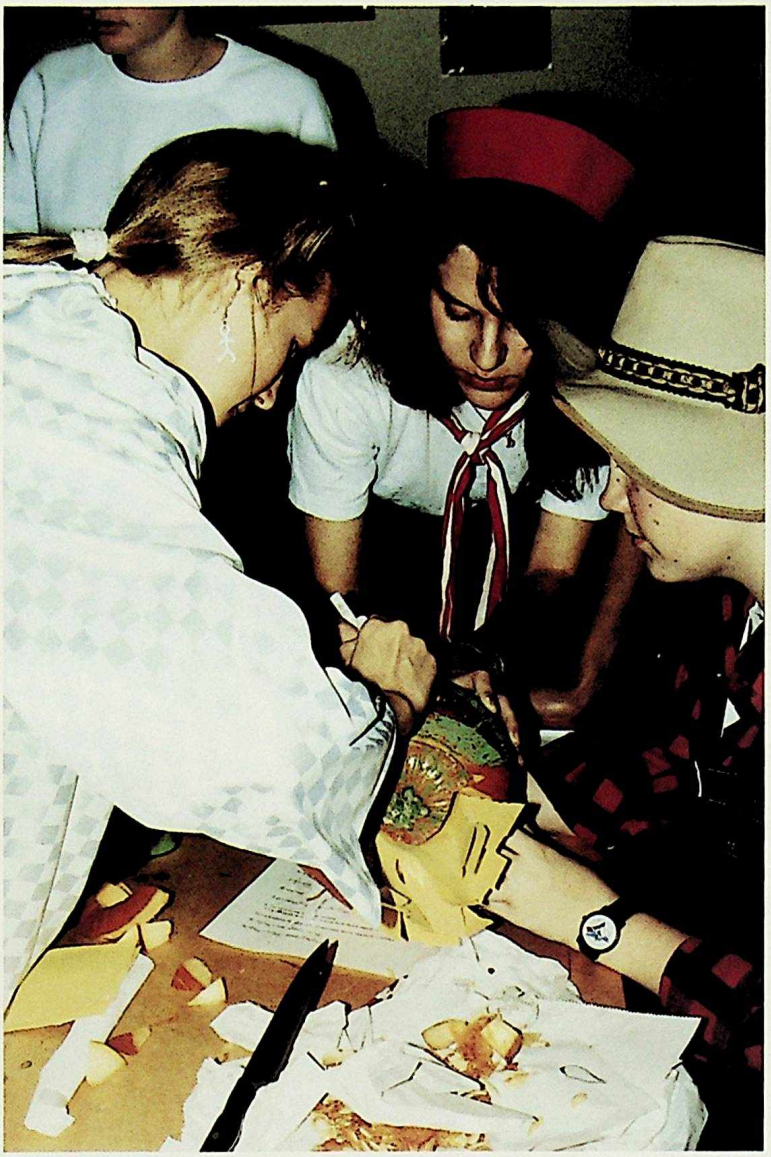
A HOE DOWN. **Janice Fishburne** clowns around (or should we say 'cows-down') with Old Mrs. MacDonald **Nikki Slipp.**











WHO SAYS YOU CAN'T BE CREATIVE? Creative minds go to work on a soon-to-be pumpkin head masterpiece. Great team work guys (sorry girls)!

THE SPIRITS ARE FREE

And are Hungry for Blood

Yet another haunted eve here and gone but has awakened some new "spirits" since. It is true not all of the supposed 'arisen from the dead' costumes scared the wits out of everyone but it was fun trying to. What about the pumpkin crarving contest? This year definetly rivaled for the most creative yet! There was everything from the heart transplant pumpkin to the "Simpson's" pumpkin head family and everything in between. Until next Halloween, watch out-because you never know...

THE WINNING PHOTO! – **Nadine Albers**

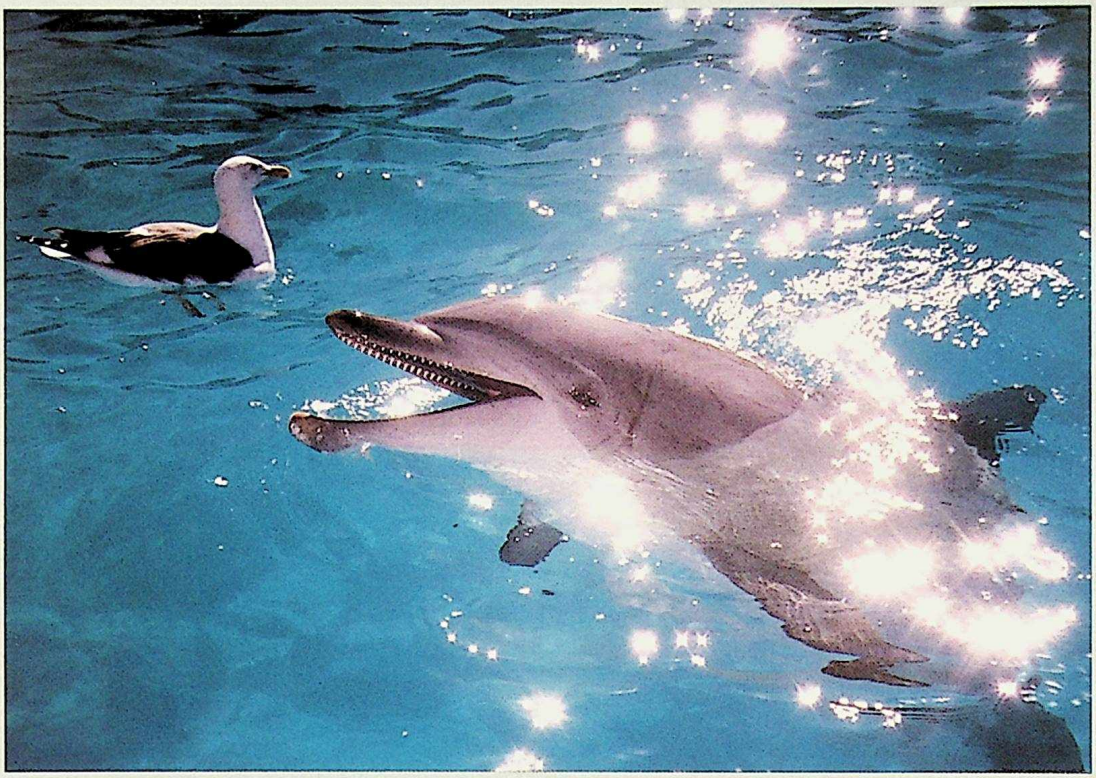

PHOTO MAGIC

This year our photo contest revealed some impressive entries. This proves that McNally has some talented photographers out there. The entries varied from wacky to wonderful with some interesting artistic ideas. All were very different in style, composition, contrast, and content and were difficult to rank in coparison to one another. A winning photo was chosen and the photo belongs to...**NADINE ALBERS**!! Her beautiful photo of a dolphin was taken in California during a school trip there. Thank you to all the participants. Hope next year the response will be as strong as this year and stronger.

A'HIKING WE A'GO

With Our Trusty Leader(s)?

The 1990-91 McNally Hiking Club, led by **Mr. Johnson, Mrs. Roberts** and **Mr. Roberts**, travelled to Jasper on a three day long fall hiking trip. There, the young and eager future mountainers participated in vigorous hikes through the senic mountain trails. For the more daring hikers, rock scaling proved to be more to their liking.

There were activities when they were not hiking that people participated in. Some of the students passed their time playing "spooners" -a wild card game involving spoons and fast reflexes -while others preferred to just laze around, roasting marshmallows, and RESTING!

Although there were some minor gliches (three students were momentarily separated from the group and picked up by the warden), the 43 McNally students and 3 chaperones throughly enjoyed all the adventure of the entire trip.

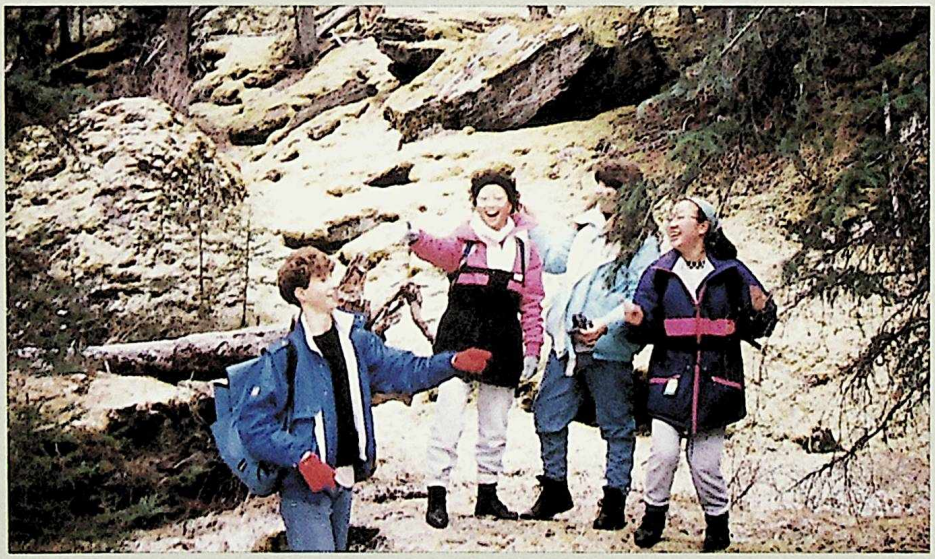
S. Thaver

HOW FAR UP ARE WE? This group of eager hikers managed to reach a dizzying height.

THE 'NEW' WALTON FAMILY. Everyone is here for this group shot (with the exception of **Mr. Johnson** and **Mr. Roberts** who were the photographers) at the top.

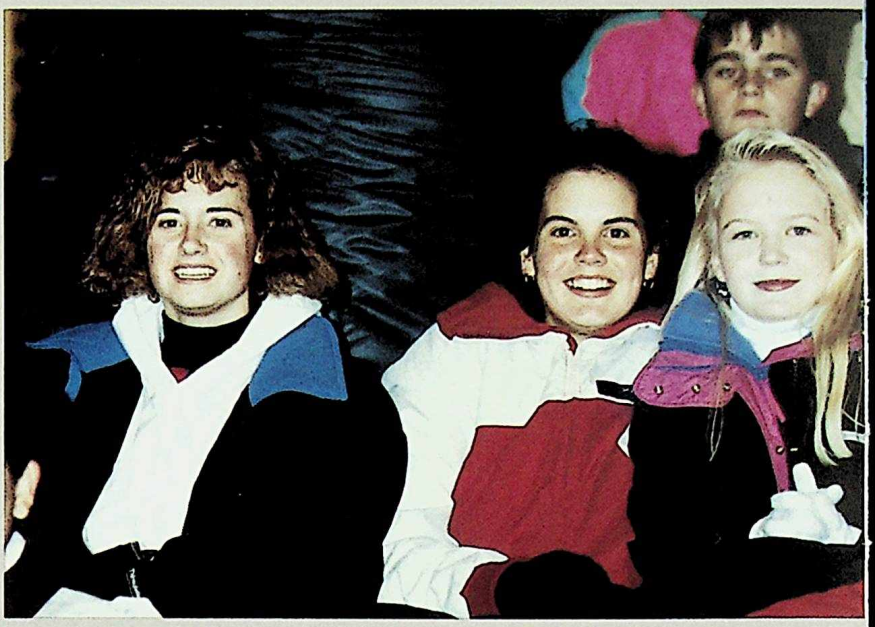
WHERE ARE MY SKIS? **Maria "Jimmy" Miranda** reaches a large patch of snow on her rock climb up the side of the mountain.

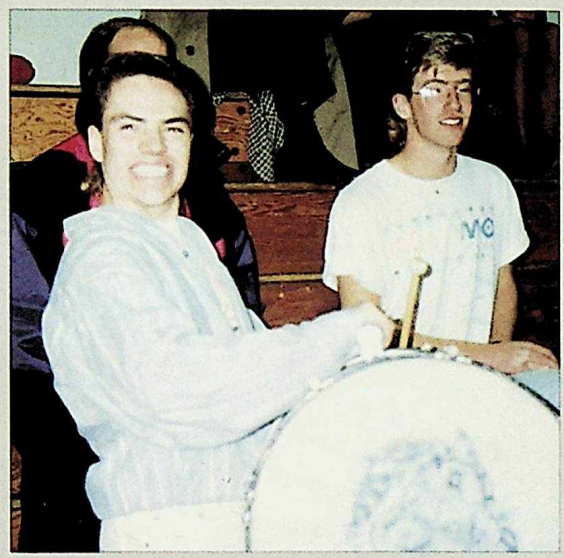


LETS GO IN THAT DIRECTION! These hikers look like they need a REAL leader. (From left to right) **Geoff Steeves, Wendy Mah, Tricia Bulmer,** and **Elyne Quan**

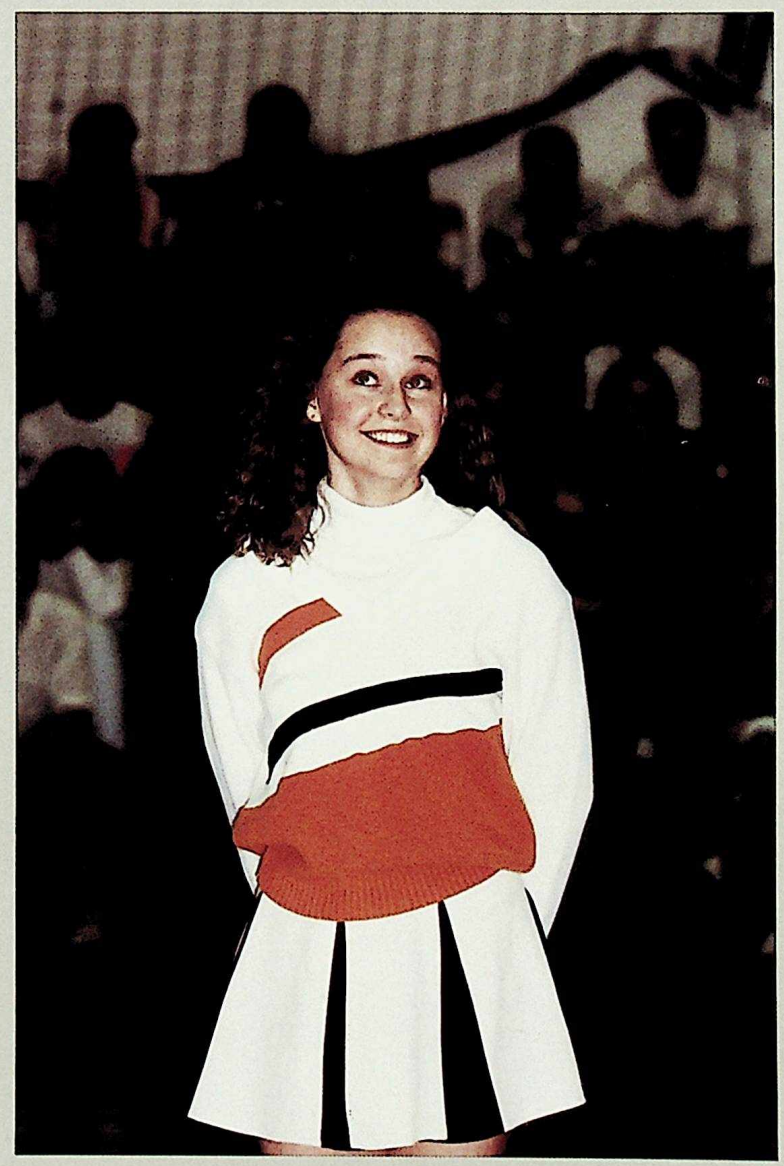
WE'VE REACHED OUR DESTINATION. (From left to right) **Kamala Veylan, Salima Thaver,** and **Radya Cherkaoui** look like they are ready to conquer the range.

"WE WANT THEM BACK!" Numerous McNally students rally for the support staff during their month long strike.





TO THE BEAT OF A DRUM. **Shaun Cormier** gives a tiger growl.



PEOPLE IN THE HOUSE! **Cam Weichel** at one of the great pep rallies.

WHO ME? **Stacey Brotzel,** one of McNally's cheerleaders, takes an innocent glance.

TIGERS SHOW THEIR SPIRIT

In Rain, Sleet, or Snow

NO, I'M NOT COLD. **Kristen Sheppard, Kathy McCleod, Carrie Berdhal,** and **Jill Makus** ignore the cold at a McNally football game, proving Tigers are tough.

TWO MEN AND A BABY? You"ll have to ask (from left to right) **Brian Christian, Danny Jones,** or **Matt Szentez** who the baby is.

From rallies and football games to rallying behind their support staff and hamming it up in the halls, McNally students have shown that they've earned the title of TIGERS. There are always some true blue fans at the games, braving snow, wind, rain, and the Edmonton Transit System just to cheer on their team. This exhuberance does not only appear during the games and pep rallies but also when the school is facing tough times. In November, when the EPSB support staff (including our own) went on stike, students took out coffee out to the stiking staff and held a rally to show their support. McNally students know how to show their support like no one else can.

C. Campion

GO ROARY! **Roary Tiger,** McNally's Mascot, gets hyped at a pep rally.

TIGERS! Lots of Tiger fans show their spirit at a game.

JOIN OUR PARTY. Several McNally students crowd together to show their school spirit.

When I was approached to write a brief comment for this year's **Trend**, *I asked what the theme would be. I was told "Just the fax". What interesting ideas that conjured up for me. Is our society geared to everything being instant? Are our educational goals aimed at merely getting facts as quickly as possible? Is there more to being educated than merely presenting a series of final grades?*

I recall a statement made by Walter Johns, former President of the University of Alberta, when a friend of mine asked him for advice about furthering his education after completing his B.A. degree, Dr. John said, "If you wish to further your career, switch to Commerce; if you want to complete your education, pack a trunk with books, find a job in a isolated area, read the books, and you will be educated."

Perhaps we should all work at completing our education; at continuing our journey through life, and forget about our emphasis on "the fax". Best wishes to our grads; continued success to our grade 10's and 11's.

GRADS '91

June 1991, McNally Composite High School — A Feeling of excitement or, quite possibly, impatience, shines from the face of every Graduate. It is the last few days before high school is over . . . FOREVER.

Freedom is almost a tangible element. But before we, as Grads, walk away from some of the best years of our lives (so far), we get to thinking about the events and people who made our years at McNally so memorable . . . cheering for our favorite teams, "creating" spares in the cafeteria, (special classes?), (special teachers?), our beloved pastel lockers, chumming around with our friends, our fire hazard of a parking lot . . .

We discovered this year that, aside from classes, aside from homework, aside from teachers, comes LIFE and we spent every spare minute finding out about it, our friends, and most importantly, ourselves.

Although we don't admit it we will miss McNally in one way or another. We may go our separate ways (some may just stick around one more year), but we will be friends forever, so keep in touch.

President's Message

Well . . . we made it through another hectic but exciting year, McNally! A portion of its success goes toward the hard work of the Student's Union Executive Council, but also to YOU! With our Tiger Spirit, McNally really is "Nothing but the best!" Many thanks to each member on council for their endless effort, Ms. Bryan for her patience and the student body and staff for their participation and support. I have really enjoyed my role as president — it has created special memories for me. Good luck to everyone in the future, see you in the Promised Land.

— Jill Bykewich

Below, Jenine and Janice smile with agreement on a planned Activity.

STUDENT'S UNION EXECUTIVE COUNCIL

President Jill Bykewich
Vice-President Leon Mar
Promotions Director Ayla Akungor
Secretary Jenine Round
Social Convenor Jon Tupper
Treasurer Janice Fishburne
Grade 12 Reps. Chandra Magill and Trevor Stuart
Grade 11 Rep. Erin Hudson
Grade 10 Reps. Stuart McDonough and Nathan Reeves
Athletic Rep. June Fong
Member-at-Large Shelley Hislop
Big Enchilada Cameron Weichel
Staff Advisor Ms. Shelly Bryan

The mandate of the Student's Union is to provide activities which enhance the students' co- and extracurricular life, promote school spirit, and contribute positively to our community. The S.U. sponsors all of McNally's school clubs, including all sports teams.

S.U. holds five major dances during the year: Welcome, Halloween, Christmas, Spring, and Election (May).

"Tiger Pride" is furthered through activities throughout the year. Welcome Week in September included motivational speaker Norm Hull, Multimedia, Dunk tank, Coke-a-thon, Pie-eating contest, and the Grade 10 Rep elections. At Halloween there were pumpkin carving and costume contests. Charity Challenge Week in December included Fund-raising activities such as Santa Claus pictures, the 2nd Annual Rockin' Talent Show, Pie-in-the-Face Auction, and Christmas Dance. In February, S.U. holds the popular Dating Game in the Cafeteria. Also, S.U. presented Mark Sharenbroich, a motivational speaker from the U.S.

Pep Rallies are held throughout the year where teams are introduced, awards are presented and prizes are given, as Tigers show their pride.

As shown through the many activities in the year, the S.U. clearly accomplishes its mandate.

A couple of students show their enjoyment during Welcome Week.

TIGER TIMES

Once upon a time, there was a group of young people who could no longer be called kids, as they were standing on the threshold of adulthood and had many opinions to express. Under the leadership of their tireless editors, this group of young people found themselves working together to produce issue after issue of thought (and laugh) provoking articles. They wrote, drew, typed, laughed, ate pizza, agonized over misplaced commas, and forged a friendship or two. In spite of delays and mix-ups (and sometimes just plain absent-mindedness), every issue was distributed on time — more or less. And they lived happily ever after.

Badminton Club

This club meets every Wednesday to play badminton during the noon hour. We had over eighty members join in September which demonstrated how popular this club was. However, with only eight available courts, members voted to take turns once every three weeks to share the court times. After January, individuals chose other activities and the members most keen for badminton were invited to play every Wednesday again.

This is a wonderful leisure time sport that participants should enjoy throughout their lifetime. Thanks are extended to the dedicated executive and staff sponsors.

The hiking club got started late but travelled to Jasper via the David Thompson Highway and the Columbia Ice Fields for our first hike of the season. Forty-five of us braved the elements and trudged through snow and over trails to waterfalls and canyons, piling up 25-30 kilometers on both days, and spending our evenings in the Whistler Hotel.

Our Winter hike was cancelled because of too many conflicts, but the spring hike was underway as this book was headed for the press. Plans were to explore Waterton and the Glacier region of Montana.

YOU MEAN I HAVE TO MOVE MY BODY? Kamala Veylan relaxes after a tired day of hiking.

ODE TO BAMFIELD

BY BRITTA CHRISTENSEN

Twas the hour before departure and all thru the airport
All creature feared. Eva and James would be left in the carport
Mr. Smith was in a panic, Mrs. Nisbet in tears.
Missing the plane was the worst of their fears.
When what to their wondering eyes did appear
But Eva and James to the relief of their peers
The evening was spent in room two-sixteen
Watching Misery on a small TV screen
The morning we departed it was all fair and bright
We stopped on the way, pointers went left squatters went right
In the dorms at Bamfield the girls cried "unfair!"
They quickly claimd the boys' bathroom as their own lair
The next morning we hiked to Brady Beach
In the afternoon about sea urchins they tried to teach
Shrimp and sea cucumber we collected on the trail
Dissecting then eating to some did appaul
Gyotaku in the evening was done to make the time pass
That's when Eva left her mark on the glass
Tuesday while visiting the gumboot flats
Smitha, Tricia and Carter all went splat

In the afternoon in the skiff we did a plankton tow
Proceeded by a marine mammal slide show
A game of Blowball, brought wind and rain from the mighty Yoo-Gir
Which prompted the girls to let the poor boys team to win
There was popcorn, hot chocolate and algai art
But still everyone had to prepare to depart
This morning a walk thru the rain forest, and climb over rocks
Resulted in sore feet and many muddy socks
Back in Victoria, before all the fun
We were stuck in our rooms getting our presentations down
So here you are, these are the fruits of our labour
Relish them slowly, so that you may well savour
And hear us exclaim this as we run out of sight
"I'm your number one fan" Goodnight.

This was the Amnesty International club's founding year at McNally, and with anywhere between 20 and 50 people attending each meeting it was a very successful one. The club was active in letter-writing on behalf of prisoners of conscience. We also watched videos and listened to speakers from other countries. The club succeeded in raising human rights awareness not only within our membership, but all over the school, and will continue to do so.

AMNESTY INTERNATIONAL

International Youth for Peace and Justice Tour

The I.Y.F.J.T. is a non-profit organization which sends out teams of youth to talk to other youths. This year the tour's focus was on the environment. McNally hosted the tour while it was in Edmonton from March 17-24th. Janice Fishburne, Lisa Radokovich, Maria Tyada, and David Turnbull, five industrious students billetted the five participants from the tour. The tour consisted of Trace Diabo from Kahnawake, Quebec, Lori Maziarz from Waterloo, Ontario, Marta Mekonen from Georgia, U.S.A., Lara Patwardnan from Pune, India, and Roberta Sanders from Montreal, Quebec. They talked about how the environment affects their own region and how each region affects the whole world. We hope and hope that we all become a part of the solution. Think globally; act locally!

A special thanks to all of the people who helped out, especially Nalini Ablack, Nikki Slipp, Sharon Clemins, Mr. and Mrs. Farrar, and Barbra Mukulin.

If you like fun and friends, you'll want to be a part of the Young Life Club.

WHAT IS THE YOUNG LIFE CLUB?

Y.L. is an international high school club dedicated to good times and good friends.

We believe high school to be the most important years of your life, and friendships are what make these years great.

We get together weekly to do wild events such as a scavenger hunt, car rally, ski party as well as trips all year round. These include ski trips, hiking trips, cycling trips, and the famous Malibu resort where we waterski, sail, golf, snorkel, and make friends from all over North America.

FAX ABOUT THE BOOK

In order to cover the year a theme was needed that would be accurate, specific, and flexible. The issues and activities that were on the student body's mind had to be equally represented. Some suggestions on the theme were thrown in and many were thrown out until there was one that kept coming up. Just The Fax — a simple line actually but with it came everything that needed to be said for this year. The line came to mind from a movie but the play on words conjured up images of what could be done with the book. With the world at a state of increasing technology, the environmental problems it is facing, and the fast pace at which everything seems to occur now, the line seemed to be appropriate. The cover came by way of the increased awareness of the environment and wanting to portray an endangered species that is close to McNally citizens heart's, a tiger. Realization about the world around us and the effects everyone has one the world was the main focus of "fax". It was with this intent that we developed the book; with the knowledge of some simple "fax" from this year, it will have a stronger meaning in the future when it is time to look back on it. The emotions that were felt and the memories that are cherished come from not only knowing the "fax" from this year but the feelings behind them.

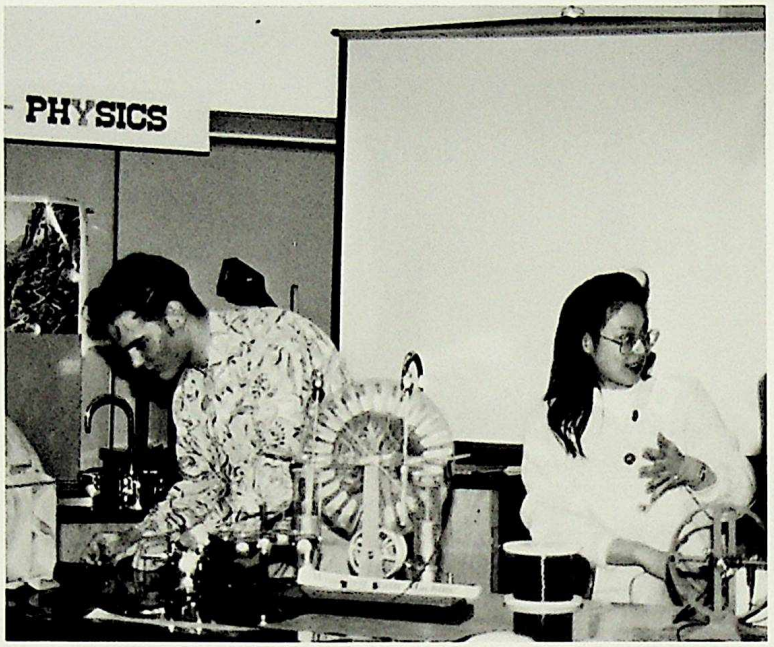
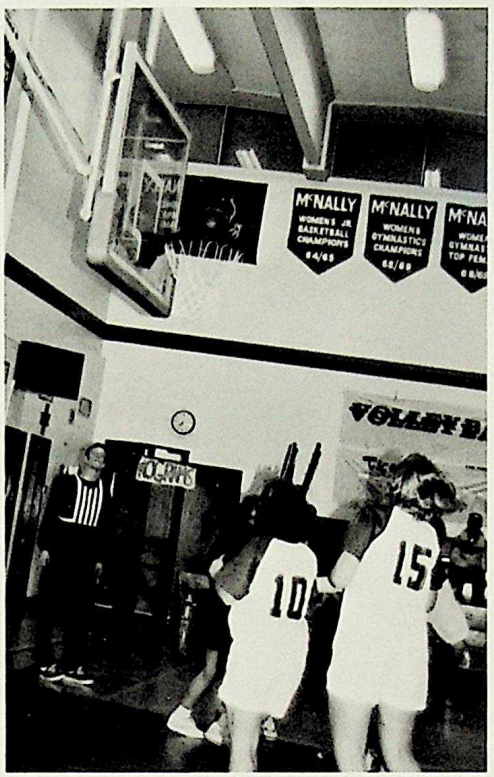
OPEN HOUSE

She shoots! She scores?!

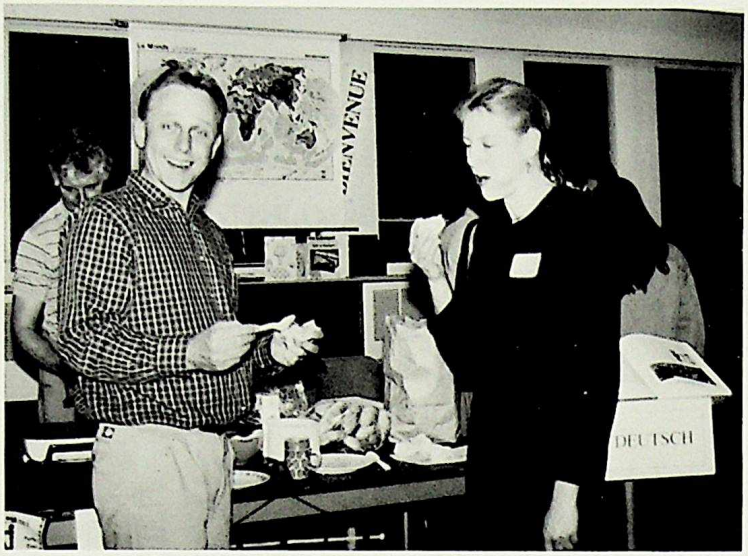




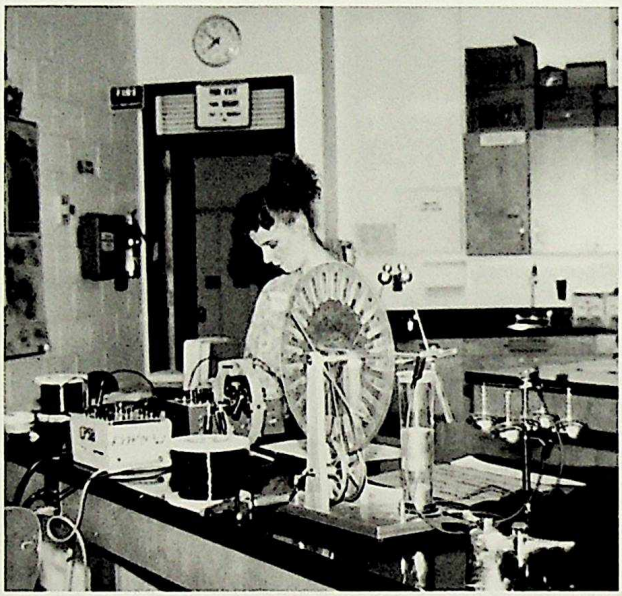
Pete and Lina demonstrate and explain the relationship between science and technology in Physics.

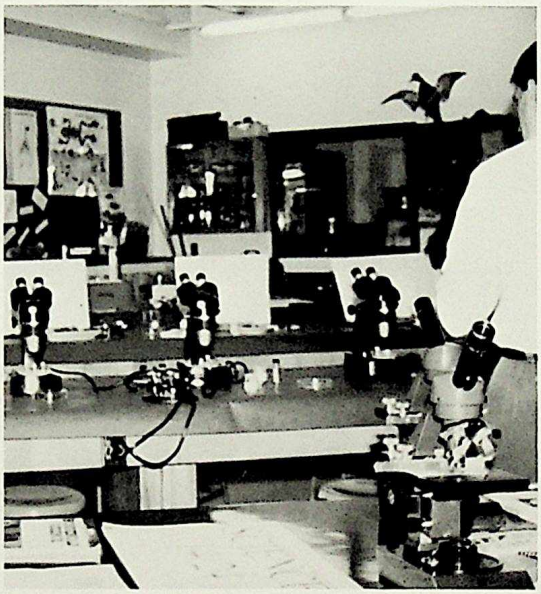
Some take the computer simulated empires of the Social Studies display seriously, whereas some prefer the lighter side of things.

This year's OPEN HOUSE featured a variety of entertainment — from fast-paced games between the McNally Junior Basketball Teams (Men's and Ladies') and the Junior High (Men's and Ladies') All-Stars, in the large gym, to a medley of McNally bands playing in the small gym. Those at the open house were invited to taste the edible displays in the Languages room as well as in the Biology lab. The variety of food included both the ordinary, buns, and the extraordinary, fiddleheads. The diversity of the displays and the efforts of the teachers and students behind the displays were apparent as the open house was an experience enjoyed by teachers, students, parents, and future McNally students alike.



Mr. Maciejewski and Mrs. Heppell have a taste of Germany.





Miss Harrison, alone, amidst an array of Physics technology.

The edible and observable displays in the Biology lab were open for the daring.

Mr. Cherkaoui, Mr. Wood, and Mr. Goupil speak to parents concerning the diverse Language programs available at McNally.

A TRIBUTE

THE FOLLOWING WAS WRITTEN, NOT ONLY FOR THOSE OF US WHO KNEW KELLY HALL, BUT FOR THOSE WHO NEVER GOT THE CHANCE TO MEET SUCH A SPECIAL PERSON. THIS IS ALSO A TRIBUTE TO THE THOUSANDS OF TEENAGERS WE DIDN'T KNOW WHO LEFT BEHIND JUST AS MANY BEAUTIFUL FRIENDS TO MOURN THEIR PASSING.

KELLY DEAN HALL 1973-1991

When a great friend like Kelly departs, he leaves more than just pain; he leaves a lifetime of memories. Kelly's crazy antics, and hilarious jokes, his disarming smile, and his easy laugh made every outing memorable. He was full of life and bursting with energy, a 'natural' at whatever he tried. Whether it be doing a belly flop from his roof onto his trampoline, giving his all on the football field, cruising in his Chevy, or just sitting around and talking, he exuded a zest for life that drew us all to him.

Kelly lived his life from day to day, living each one to the fullest extent. He gave so much of himself while he was here that a part of him will remain with us, a legacy of love to carry on forever.

WE MISS YOU KELLY

He was a rugged boy with a heart of gold inside,
he lived life dangerously but with kindness running through his eyes;
His friends were dear to him, for love was his only cry,
and now he's changing is earthly brothers by the life he left behind.

Kelly, you left us all so quickly, it'd sure be great to see you smile again.
and if I had the chance to live this life over with you again,
we'd be even closer brothers and we'd be inseparable friends.

He was a restless traveller trying hard to win,
To bring happiness to this world, joy and life within.
He found his perfect place of peace when Jesus called him home,
and now the pressure of this world has been released,
and he'll never again be alone.

Oh, we had our share of troubles, and we had our growing pains,
but we worked them out together, and they left us not the same,
we all loved you so dearly Kelly, our memories of you will never end.

Congratulations Tara!

May your graduation
dreams come true and
may all your tomorrows

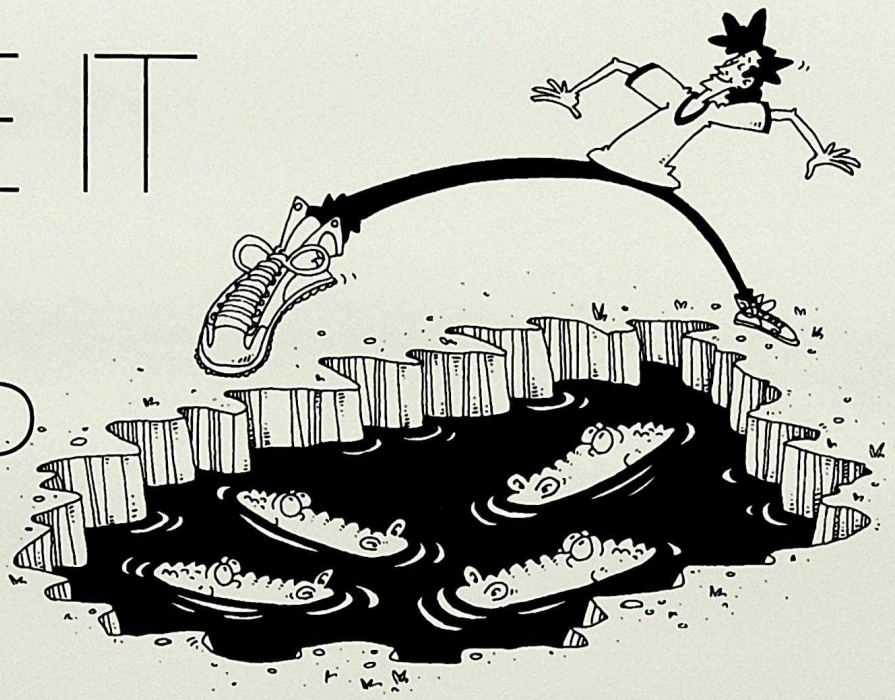
TAKE IT ONE STEP AT A TIME



Life presents lots of obstacles. And for sure, it hasn't been easy getting **this** far. But step-by-step, with your eyes and your mind open, you're winning your freedom... and doesn't it feel great?

Congratulations, Michael!

We are proud of you. It's been twelve special school terms and eighteen memorable years. May your future be fun and fulfilling. All the best,

Love Mom, Dad and Scott

To Our Godson, Michael Curran

THE FUTURE IS YOURS.
MAY IT BE FILLED WITH HAPPINESS

CONGRATULATIONS
Bruce and Lorraine Lee

Attention Heather Dawn Gordey:

No more teachers; no more buses
No more early morning rushes.
Not one more lunch bag; not one more test
So smile, relax, and enjoy a rest.
